Sir:

Pursuant to 37 C.F.R. §§1.56, 1.97, and 1.98, the applicant respectfully directs the attention of the U.S. Patent and Trademark Office to the items listed on the attached Form PTO-1449. The applicant respectfully requests that the information be expressly considered during the prosecution of this application, and that the items be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

This Information Disclosure Statement (IDS) is being filed with a Request for Continued Examination (RCE). As documents AJ, AL, and AN are not in English, the applicant attaches English language abstracts thereof (references AK, AM, and AO respectively). Further, in lieu of the remaining non-U.S. patents cited in the enclosed International Search Report (ISR), reference AP, the applicant directs the examiner's attention to the U.S. equivalents thereof. The following table shows the correlation between the non-U.S. patents cited in the ISR and their U.S. equivalents. As the equivalents are U.S. patents, the applicant does not attach copies of them.
